SWING, THE RHYTHM YOU'VE BEEN LOOKING FOR

Notes intoxicated by an irresistible rhythm: here is the secret of **Swing**, the wireless headset which will accompany the most pleasant hours of your day with its enveloping mood.

AN ELEGANT DANCE WITH NO STOPPING

The sound of the earphones is enveloped in a **captivating material elegance**, the perfect combination to delight with immortal Swing songs like Glenn Miller's In The Mood.

The **refined metal finish** is functional for listening: thanks to this material, the effects of vibrations are dampened; Furthermore, the silicone earbuds prevent external noise from affecting your playlist or your call.

Choose the right dress to unleash your energy: inside the pack there are **3 pairs of earbuds** (size S, M, L) for ~~ensuring an ideal grip and comfort inside the ear.~~

THE MUSIC THAT INNOVATES

Like the genre from which it takes its name, Swing represents an innovative product. The **V5.0 Wireless Technology** which characterises these earphones guarantees high performance and low power consumption. In fact, the battery can last up to 6 hours with a continuous use.

Once you have paired these stereo earphones with your smartphone, you can immerse yourself in your favourite music or answer calls thanks to the **integrated microphone**. All this thanks to the **multifunction keys** positioned on the controller with a minimal and refined style.

The earphones are multipoint: this technology guarantees the ability to pair the Swing with two devices without having to repeatedly connect and disconnect them.

Also wear them when you need to pause your favourite songs: thanks to the **magnetic closure** you can wear them around your neck without removing them.

THE ENERGY OF SWING

The Swings are charged via the **Micro USB input** located on the controller: inside the box you will find a power cable with USB-Micro USB connectors. The right amount of energy after an unforgettable concert.
